STRATEGY Support for Schools in PI Year 5

The following TRUSD district schools are identified as Program Improvement Year 5: Castori (Michael J) Elementary, Del Paso Elementary, Fairbanks, Garden Valley, Hagginwood, Morey Avenue Early Childhood Development, Noralto, Foothill Ranch MS, Martin Luther King Jr. JHS, Rio Linda Preparatory Academy, Rio Tierra JHS, Foothill HS, Grant HS, Pacific HS, Vista Nueva, Harmon Johnson Elementary.

Harmon Johnson Elementary made Safe Harbor 2011-12 and has the potential to exit Program Improvement if 2012-13 is met.

Aside from Castori Elementary (restructuring plans in 2010), these sites went through restructuring prior to TRUSD becoming a district. Restructuring took various forms including; replacing the principal, re-opening as a charter school, new grade configurations, full implementation of new curriculum, full implementation of the nine Essential Program Components (9 EPC's) with assigned instructional coaches.

This year 2012-13, Year 5+ schools are continuing with 9 EPC's, differentiated support through specific instructional leaders, and mandated requirements.

The specific district strategy to support these high needs schools is to use assistance of DAIT provider to support the most needy schools, cohesive and comprehensive roll out of CCSS, targeted technical assistance, monitoring and coaching instructional practices. The specific goal is to have 25% (4) of these schools make Safe Harbor as measured by the 2012-13 AYP Report.

LEA PLAN

Twin Rivers Unified - 34765050000000

GOAL Goal 1D: Effective Teaching and Administration

At the heart of this LEA Plan is the implementation of a coherent standards-based/standards-aligned instruction program using instructional materials which may be aligned to CCSS resources for all students in K-12 in reading/English/language arts, mathematics, and interventions as needed. As required by Program Improvement Corrective Action 6, the district has partnered with WestEd (state approved DAIT provider) to facilitate district improvement. Using WestEd's 4Four Dimensional District Study (Needs Assessment) and recommendations as a springboard, the District Site Leadership Team (DSLTT) prioritized and will implement agreed upon critical focus areas. The DSLTT has made recommendation that the district focus on 4 Key Areas: Trust, Professional Development, Common Core and Defined Autonomy to ensure improved outcomes for students. The vehicle for implementing these focus areas will be through comprehensive, collaborative, and cohesive roll out and implementation of Ca Common Core State Standards (CCSS.)

6. The LEA will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, Federal funds paid to the applicant under each such program.
7. The LEA will submit such reports to the SEA (which shall make the reports available to the Governor) as the Secretary of the SEA and Secretary may require to enable the SEA and Secretary to perform their duties under each such program; and maintain such records, provide such information, and afford such access to the records as the SEA (after consultation with the Governor) or the Secretary may reasonably require to carry out the SEA's or the Secretary's duties.

12. If the LEA receives more than \$500,000 in Title I funds, it will reserve at least one percent of the allocation to carry out ESEA Section 1118, Parent Involvement, including promoting family literacy and parenting skills. The LEA then will set aside an amount for parental involvement of parents of private school children, based on the proportion of private school children from low-income families residing in Title I attendance areas. The LEA will then distribute at least 95 percent of the remainder to its public schools, leaving the balance of the reserved funds for parental involvement activities at the LEA level.

13. Inform eligible schools and parents of schoolwide program authority and the ability of such schools to consolidate funds from Federal, State, and local sources.

14. Provide technical assistance and support to schoolwide programs.

15. 19. In the case of an LEA that chooses to use funds under this part to provide early childhood development services to low-income children below the age of compulsory school attendance, ensure that such services comply with the performance standards established under section 641A(a) of the Head Start Act.
20. Work in consultation with schools as the schools develop and implement their plans or activities under sections 1118 and 1119 and California *Education Code* Section 64001.
21. Comply with requirements regarding the qualifications of teachers, paraprofessionals, and Professional Development (PD).

24. Ensure, through incentives for voluntary transfers, the provision of PD, recruitment programs, or other effective strategies, that low-income students and minority students are not taught at higher rates than other students by unqualified, out-of-field, or inexperienced teachers.
25. Use the results of the student academic assessments required under Section 1111(b)(3), and other measures or indicators available to the agency, to review annually the progress of each school served by the agency and receiving funds under this part to determine whether all of the schools are making the progress necessary to ensure that all students will meet the State's proficient level of achievement on the State academic assessments described in Section 1111(b)(3) within 12 years from the baseline year described in Section 1111(b)(2)(E)(ii).
26. Ensure that the results from the academic assessments required under Section 1111(b)(3) will be provided to parents and teachers as soon as is practicably possible after the test is taken, in an understandable and uniform format and, to the extent practicable, provided in a language or other mode of communication that the parents can understand.
27. Assist each school served by the agency and assisted under this part in developing or identifying examples of high-quality, effective curricula consistent with Section 1111(b)(8)(D) and California *Education Code* Section 64001.

28. Ensure that schools in school improvement status spend not less than 10 percent of their Title I funds to provide PD (in the area[s] of identification to teachers and principals) for each fiscal year.
29. Prepare and disseminate an annual LEA report card in accordance with Section 1111(h)(2).
30. Where applicable, the applicant will comply with the comparability of services requirement under section 1120A(c). In the case of an LEA to which comparability applies, the applicant has established and implemented an agency-wide salary schedule; a policy to ensure equivalence among schools in teachers, administrators, and other staff; and a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies.
