SCHOOL HIGHLIGHTS

Nova Opportunity School provides a smaller learning community of about 50 students with smaller class sizes where the staff and teachers know the students by name.

Students are under a watchful eye and provided with guidance and support from administration, teachers, counselors, staff and a network of volunteers.

Nova provides opportunities for field trips annually.

EXCELLENCE IN EDUCATION

- Students will take the Preliminary Scholastic Aptitude Test (PSAT) depending on grade level
- English teachers will be trained in the Expository Reading and Writing Course (ERWC) by Sacramento State (which help those students going to college and preparing for a career)
- Teachers trained in Restorative Justice practices

RETURN IN ONE YEAR

Most students have the opportunity to return to their home school after one year.
